TO OLD FRIENDS AND NEW CUSTOMERS

Again this year, as last, we are offering a choice lot of QUALITY GROWN PLANTS at greatly reduced prices. A comparison of our Tall Bearded Iris price list with others, for instance, will indicate savings AS HIGH AS 50%. We are able to do this because we are now only a small nursery, using family help, and issuing a small, inexpensive folder instead of a large costly catalog.

When you order, remember ONLY THE PLANT PRICES ARE REDUCED, NOT THE QUALITY OF OUR PLANTS! Actually we have never had finer, larger, huskier plants. So place your order NOW.

larger, huskier plants. So place your order NOW, and get in on these fine bargains WHILE THE SUPPLY LASTS!

TALL BEARDED IRIS

Plant in full sun, in well drained soil, fertilize with bone meal, natural or commercial barnyard manure, divide clumps every third or fourth year. Your order shipped between July 5th and October 15th. State desired shipping date.

MISCELLANEOUS PERENNIALS

No garden is complete with "specialties" only. Here are a few specially selected items that are a

spring and summer joy in our garden.

FUNKIA. This is the large white fragrant evening blooming "lily" that often is seen massed under shady trees or nestled against the north side of the house. Loves shade and rich soil, 75c per strong plant, or 3 for \$2.00.

AQUILEGIA. Perhaps you call them Columbine.

These are the lovely, long spurred—our own WAL-DEAN STRAIN—from seed selected from the finest of color and long spurred parent plants. Young, thrifty plants, 35c each, 3 for \$1.00, or \$3.00 per

MERTENSIA. These are the lovely early native Bluebells. We find they will bloom in sunny spots

as well as shady, in most any type of soil. Fine roots, 50c each, 3 for \$1.25, or \$3.00 per dozen.

VIOLETS. Everyone loves violets. That is, all the people who come here and see them abloom in our spring borders do. That's why we are offering for the first time an exceedingly fine long stemmed purple, and an equally fine long blooming pure white, either or both at 25c per plant, 5 for \$1.00. or \$2.00 per dozen. You don't need shade or woods

soil; they bloom anywhere!

BLEEDING HEART. Perhaps we should say "Dicentre spectabilis. . ." but we prefer calling it the "Old-fashioned Bleeding Heart" that grew in grandmother's garden, and nowadays is blossoming in town and country gardens everywhere. It's a grand, long lasting, wonderfully pink early spring number, spelling enchantment when planted with Bluebells or Native Phlox. Large roots, 75c each, 3 for \$2.00.

BLUE PHLOX. From a group of woodland phlox we selected an exceedingly large flowered one for propagation. We haven't many to offer at 25c each,

5 for \$1.00.

PYRETHRUM... or should we say Painted Daisies. We offer BUCKEYE, a truly choice, large flowering, long lasting, double rose red, exceptionally hardy and fast growing. Only a very few

plants at 75c each, limit of one to customer.

PINK IPIS. Every one is mad about the new Pink Iris, Pink Daylilies, etc. Indeed, they are a rare and refreshing color. But not every one can afford \$5, \$10 and even \$25 for one pink Iris in their garden. We now have five fine pink seedlings—and enough plants to offer you a TRULY CHOICE PINK IPIS at the remarkably law price CHOICE PINK IRIS at the remarkably low price of \$1.00 each! Actually, these TOPNOTCH PINKS are equally as beautiful as \$10 and \$15 labeled varieties-if we are any judge of "beauty in a gar-
